

Fat & Scrappy Star Quarter Block

Paper foundation pieced

This block will be the star of your scrap bag! The slightly mis-matched inside seams give it a happy twinkle, while the jaunty angle gives it a touch of movement. --and, it has many design possibilities.

The numbered pieces are the star, while B is for the background.

Suggestions to play with:

Take a cue from the Log cabin block and make the heart of the star in red or yellow for fire.

For an easy change of design, try making pieces 2 and 3 the same color as the background--to give you a star within a star.

----And if you're really in a hurry for a star quilt, use 1 piece of fabric to cover all numbered areas of the star as one.

----Or, use 1 piece of fabric to cover pieces 1-3

----Or, make the stars smaller by using larger background pieces to also cover pieces 4 & 5.

----And consider using all variations of the stars in one top for a quilt that really twinkles!
