

Octopus

This whimsical, curly creature may be cut in one piece or made of shades of one color.

Suggestion: Do the main body and front legs in bright green, middle arms (pieces 3, 4, 6 & 7) in 1 or 2 shades of medium green, and back arms (pieces 2 & 5) in darker green. For more realistic colors use brown tones.

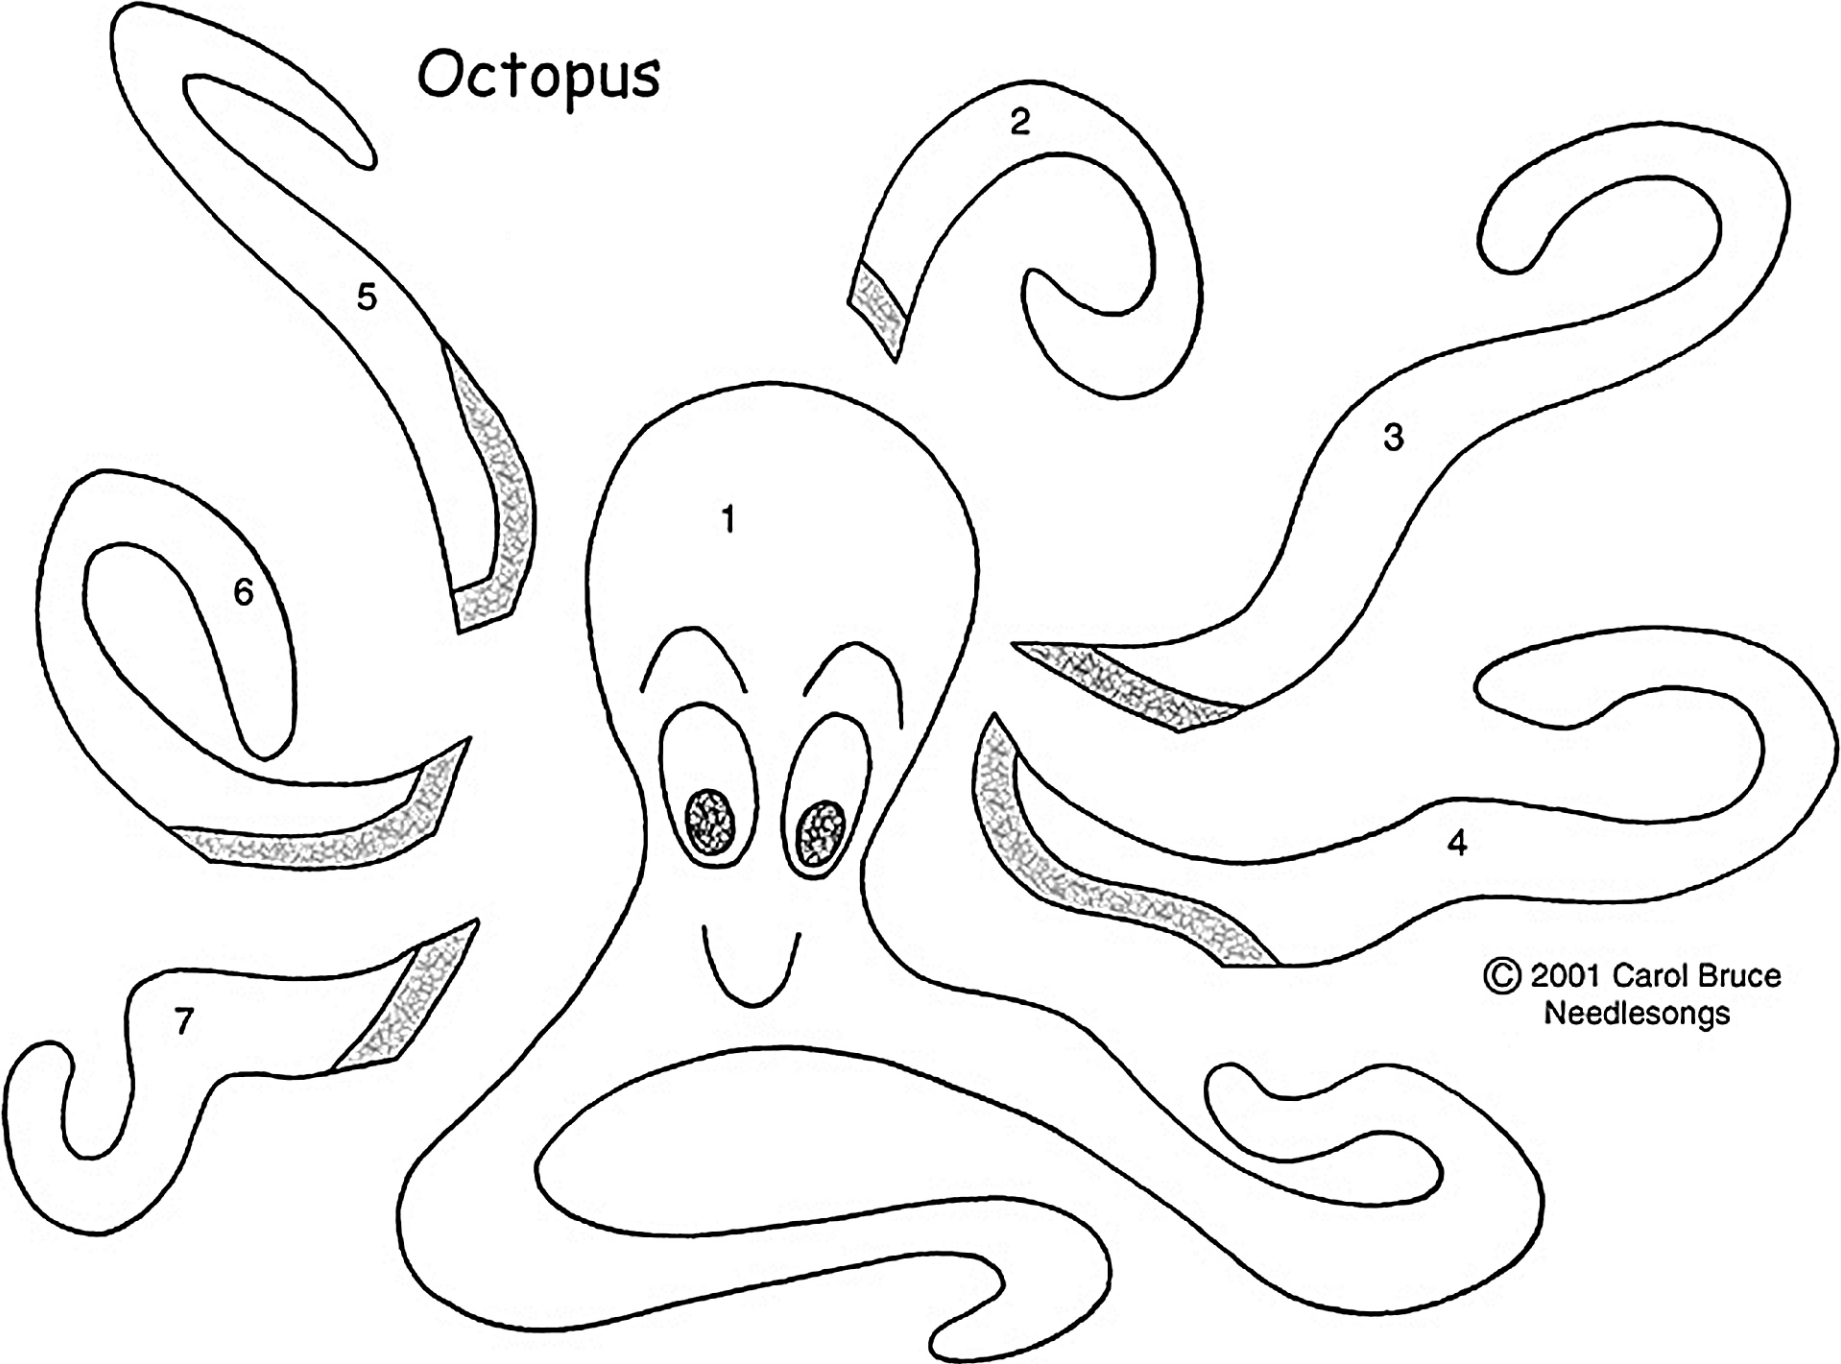

Add eyes with fusible web, embroidery, and/or Micron pigma pen.

If needed, complete instructions for Fusible Applique may be found on Needlesongs Basic Directions page.
