

Rainbow Circle Friendship Block

Here's a friendly twist on the old pineapple block with 2 rainbow color suggestions:

1. For an easy rainbow, use 3 related shades for each block, one shade on each row
2. For a spiraling rainbow, start at any point on the color wheel and work around the block by the numbers. (Try using 8 colors; first color pieces 1-3, 2nd color pieces 4-6, 3rd color pieces 7-9, etc.

Color Wheel: yellow, yellow-orange, orange, orange-red, red, reddish purple, purple, purplish blue, blue, teal, green, yellow-green, and back to yellow again.

Background: white for a friendship quilt, but go Amish black for bold. **(There wasn't room on the paper to print the outer seam allowance, be sure to add it!)**
